INTERNATIONAL VIRTUAL CONGRESS ON COFFEE CAPSULES

Kleine Kapsel, ganz großes Event: Diese Woche am Dienstag drehte sich beim „International Virtual Congress on Coffee Capsules“ alles um die kleinen praktischen Alltagsbegleiter und diesen sich stetig verändernden, spannenden Sektor der Kaffeebranche. 139 Teilnehmende aus 75 Unternehmen und 11 verschiedenen Ländern waren dabei und ließen sich keinen der wegweisenden Vorträge entgehen, die innovative News und exklusive Insights geboten haben.

Ein Hinweis: Die neun Präsentationen, die in der kostenpflichtigen Veranstaltung gehalten wurden, erhalten die registrierten Teilnehmenden später exklusiv in einer separaten Mail zugesendet.

Wir danken den Sponsoren, Referierenden und Teilnehmenden für den überaus informativen Austausch und die spannenden fachlichen Gespräche, die sich daraus ergeben haben und (auch in Zukunft) werden.
